

## LEGISLATURE AS WARM AS WEATHER

Hot Debate on the Creation of New County of St. Lucie.

FINALLY PLACED ON CALENDAR

Bill to Create Bloxham County Passed Senate—School for Blind Has Its Appropriations Allowed—Armory Claims Lost in Adjournment.

Tallahassee, May 17.—The Senate convened at the regular hour yesterday.

The bill to create St. Lucie county from a portion of Brevard county occupied a great portion of the morning session as a special order of the day. While the bill was under discussion a motion to adjourn was made and withdrawn, after which several bills were introduced and the Senate adjourned until 2 p. m.

When the Senate reconvened at 3 p. m. Senator Hudson resumed his argument in the St. Lucie county bill.

An amendment to leave the question to a vote of the people was lost.

The bill was finally placed on the calendar to take its place among the bills under the head of third reading.

A bill to require all the legally qualified voters of the city of Pensacola to register was passed, 31 to 1.

On motion of Senator Adams, House Bill No. 65, by Mr. Johnston of Pasco, a bill to be entitled an act requiring teachers' summer training schools and making appropriations therefor, was read second time by title, third time in full and passed unanimously.

The bill providing for the division of Holmes county and the creating of Bloxham county, to be the western end of Holmes, divided by the Choctawhatchee river, came up and after a thorough explanation was passed by a vote of 24 to 8. The Senate's action was also ordered immediately certified to the House.

An amendment to the appropriation of \$100,000 for the Deaf, Dumb and Blind school, placing the sum at \$75,000, was carried and the bill passed and ordered engrossed.

The regular order was then taken up and a number of new bills introduced.

The new Jacksonville charter bill was signed by the Governor.

The armory bill came up for discussion, and was being discussed when the Senate adjourned until tomorrow.

In the House.

Tallahassee, May 17.—The House convened at the usual hour.

The joint committee on the East Coast Canal made its report and favored granting further time for the work. A supplemental report by Mr. Noble opposed the extension of time.

House Bill No. 82, an act to create a new school book commission, etc., was made a special order for Monday, May 22d.

The act to provide annuities to disabled soldiers and sailors, and wives of deceased soldiers and sailors, was amended and passed, the bill providing that any soldier who enlisted in the State troops, and is now a bona fide resident of the State, shall be entitled to a pension.

Several pension bills were brought up and passed.

After several amendments to the child labor bill it was ordered to be engrossed.

The House adjourned and met at 3 p. m., when the appropriation bill was taken up.

A burglar alarm costing \$750 was ordered for the Treasurer's office.

An amendment was offered to appropriate \$30,000 for the two encampments of State troops for the next two years, which passed after some discussion.

A bill to have all city and town board meetings held openly, also a bill regarding drains, etc., were passed to their third reading.

A bill was introduced to provide an exhibit at the Jamestown exposition.

House adjourned to 10 a. m. tomorrow.

Very Creditable Job.

The pavement around the court house square has been completed and it has the appearance of being a most excellent job of work, the brick being laid in a thorough manner. The lawn on either side of the walk will be planted, and the whole will add much to the appearance of the square. The work was done by J. D. Williams and he did it well. County Commissioner C. C. Pedrick had general supervision of the work, and he is certainly entitled to much credit for the watchful care he gave every detail of the construction throughout.

## NOZLEY'S LEMON ELIXIR

REGULATES THE LIVER, STOMACH, BOWELS, KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used NOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

NOZLEY'S LEMON ELIXIR.

FORMER RESIDENT HERE.

After an Absence of Eighteen Years O. F. Roux Visits Gainesville.

O. F. Roux of Union, S. C., is in the city on a visit to his brother, Frank Roux. Mr. Roux was reared in Gainesville until a young man, when he left to seek "new fields and pastures green." This is his first visit to Gainesville in eighteen years, and he expressed great surprise at the commercial development in the city.

"There was only one brick building in Gainesville when I left here," he remarked, "and that building was the store occupied by George K. Broome. I knew that Gainesville was growing, but had no idea of the broad extent of its improvement. You now have buildings which would be a credit to any city, and I am proud to see my old town forging ahead."

Mr. Roux is now engaged in the ice manufacturing business in Union, and old friends will be glad to know he is prospering. Union is a thriving manufacturing town of about 9,000 inhabitants, the principal industries being cotton and knitting mills.

Friends of Mr. Roux are glad to renew acquaintance.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists.

In Memoriam.

Entered into eternal rest, on the evening of May 7th, 1905, William Cassell of Island Grove, aged 89 years.

This simple announcement of the close of a long and useful life will thrill with regret a wide circle of friends and acquaintances who will remember him affectionately for his bright, cheerful and sunny disposition, and we shall miss him and sorrow to think that in this life we shall see his face no more.

Let those who loved him and would meet him again cherish to their souls' good the memory of his devoted life and think often of the shining example he has left for those who follow after.

He lived to a good old age past the four score, reached the sunset side of life, and, as the Sabbath light was falling into evening, his earthly life ended and he yielded up his spirit unto God who gave it, leaving to his children a blessed heritage.

The best that a parent could leave, the example of an unspotted life spent in the service of God, he was a consistent member of the Baptist Church and was an humble Christian. He was a noble representative of one of Carolina's best families, a good citizen, a kind neighbor and an exemplary Christian gentleman, and we feel that we have the confidence to believe that he is now numbered with the saints in glory everlasting. A FRIEND.

## POINTS FOR SMOKERS.

Some Advice to Follow if They Must Use the Weed.

Very few people are aware how much harm is done to young men by the almost universal habit of cigarette smoking. The man who smokes cigarettes has one always in his mouth and is continually inhaling nicotine until the system is saturated with the poison.

The result of this practice is a catarrhal condition of the nose, throat and bronchi, a disordered and very irritable state of the nerves, a weak and rapid action of the heart and indigestion.

Thin, anaemic, weak, with clammy hands stained with nicotine poison, unstrung nerves and degenerated muscles, the youth of the land go on ignorantly suffering the consequences of a pernicious habit until attacks of heart trouble, nervous prostration, melancholia, etc., bring their condition to the attention of the physician.

If a man must smoke—and we admit the charm of the habit to those who have become accustomed to its soothing influences—let him choose a mild cigar and have certain set times for indulging. If he puts a certain restraint upon himself from the start in the matter of smoking, he will not overdo it, and there are few men who can smoke more than three cigars a day without injury.—Medical Brief.

Had to Ward Off Old Age.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these tablets to be just what you need. For sale by all druggists.

MUSIC AND HUMOR.

An English Critic Says That the Two Cannot Be Linked.

There is little room in music for humor and no room at all for wit. When I hear some one speak of the wit of a Chopin scherzo I think, "My friend, you had better see a doctor at once; you are slightly deranged mentally." In association with words there can be humor in music, as, for example, the prolonged low notes Handel gives to Polyphemus when he asks for a hundred reeds "for my capacious mouth." But the humor of Haydn and Beethoven in their instrumental works consists entirely of practical jokes—a sudden low C on the bassoon, a horn passage which no horn player can ever hope to play, a bass who enters a bar too soon or too late. The late Harold Frederic summed up the question beautifully. He said to me one day when I had not laughed at one of his stories: "Musicians have no sense of humor. When I was a young man touching negatives in a photographer's studio I was very musical. I had notes in my voice that couldn't be found in any piano in our parts. I had no sense of humor. Afterward I developed a sense of humor and lost my voice."—London Saturday Review.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by J. W. McCollum & Co.

Better Than His Own.

They were discussing the factors which make for success in the world when the knowing young man said:

"There's nothing like force of character. Now, there's Jones! Sure to make his way in the world. He's a will of his own, you know."

"But Brown has something better in his favor."

"What's that?"

"A will of his uncle's."

A Good Suggestion.

Mr. C. B. Walnwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in hot water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by all druggists.

## A HOPELESS FIGHT

It is as impossible to conquer the king of diseases—Contagious Blood Poison—with Mercury and Potash as it would be to conquer the king of the forest in a hand-to-hand encounter, as thousands who have had their health ruined and lives blighted through the use of these minerals will testify. They took the treatment faithfully, only to find when it was left off, the disease returned with more power, combined with the awful effects of these minerals, such as mercurial rheumatism, necrosis of the bones, salivation, inflammation of the stomach and bowels, etc. When the virus of Contagious Blood Poison enters the blood it quickly contaminates every drop of that vital fluid, and every muscle, nerve, tissue and bone becomes affected, and soon the foul symptoms of sore mouth and throat, copper-colored blotches, falling hair and eyebrows, swollen glands, sores, etc., make their appearance. Mercury and Potash can only cover up these evidences for awhile; they cannot cure the disease. S. S. S. has for many years been recognized as a specific for Contagious Blood Poison—a perfect antidote for the deadly virus that is so far-reaching in its effects on the system. S. S. S. does not hide or mask the disease, but so thoroughly and completely cures it that no signs are ever seen again. S. S. S. while eradicating the poison of the disease will drive out any effects of harmful mineral treatment. A reward of \$1,000.00 is offered for proof that S. S. S. contains a mineral ingredient of any kind. Treatise with instructions for home treatment and any advice wished, without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

## Turpentine Operators, Attention!

The Standard Naval Stores Company of Jacksonville, Florida, are now prepared to contract with independent producers and will pay flat Savannah prices for Rosin and Spirits Turpentine delivered at either Jacksonville or Fernandina. Free of storage, insurance or commission charges. We are also prepared to make liberal advances. Investigate our methods of shipping in tank cars—it will save you lots of money. For further information apply to

STANDARD NAVAL STORES CO., Jacksonville, Fla.

THE EVERETT HOTEL, 235 W. Bay St., JACKSONVILLE, FLORIDA.

Centrally located, thoroughly repaired and renovated. Newly furnished. European Plan.
